

Starting routine with chant

Art, art, it's time for art!

So sharpen your pencils,

Get ready to start!

Use lots of colours, red, green and blue

Take out your pencil cases

You know what to do!

Art, art, it's time for art

Are you ready? Are you ready?

One, two, three, start!

Script

Shall we continue our Art Rhyme?

What words do we use in Art class? Draw? Yes and what rhymes with draw? Paw like on a puppy, straw what we use to drink, saw for “what did you see?”

Another example is green. What rhymes with green? Scene as in a picture, clean, the opposite of dirty, and queen who is married to a king.

Now you think of words that have to do with Art and words that rhyme with them. You can write new verses on card and we will hang them in class.
